Mitral valve
coupling valve graft, procedure for double-valve replacement (Kitamura et al), HOW TO DO IT, 218
failure of Hancock xenograft valve, importance of valve position (4- to 9-year follow-up) (Bolooki et al), 246
Mustard procedure
comparative electrophysiological evaluation of atrial activation and sinoatrial node function following Senning and Mustard procedures, experimental study (Marquez-Montes et al), 692
current management of transposition of the great arteries, immediate septostomy, occasional prostaglandin infusion, and early Senning operations (Weldon et al), 10
Myelography
combined approach to "dumbbell" intrathoracic and intraspinal neurogenic tumors (Grillo et al), 402
mechanism and frequency of brachial plexus injury in open-heart surgery, prospective analysis (Hanson et al), 675
Myocardial infarction
surgical salvage of heart rupture, report of two cases and review of the literature (Bashour et al), CASE REPORT, 209
Myocardial revascularization
multivessel coronary revascularization without saphenous vein, long-term results of bilateral internal mammary artery grafting (Lytle et al), 540
neurological complications of coronary revascularization (Bojar et al), 427
surgical treatment of 200 consecutive patients with left main coronary artery disease (Jeffery et al), 193
Myocardium
bioelectrical tissue resistance during various methods of myocardial preservation (Garrido et al), 143
improved myocardial protection during a prolonged cross-clamp period (Weisel et al), 664
metabolic and functional effects of carbohydrate substrate with single-dose and multiple-dose potassium cardioplegia (Conti and Kao), 320
myocardial preservation: effect of venous drainage (Bennett et al), 132

Neoplasms
drug therapy
human tumor clonogenic assay in the treatment of patients with lung cancer (Kitten et al), 408
metastasis
importance of one-stage median sternotomy and retroperitoneal node dissection in disseminated testicular cancer (Mandelbaum et al), 324
management of pulmonary metastases from osteogenic sarcoma (Takita), EDITORIAL, 508
prolonged survival with unresected pulmonary metastases (Casciato et al), 202
surgical implications in malignant cardiac disease (Poole et al), COLLECTIVE REVIEW, 484
nervous system
combined approach to "dumbbell" intrathoracic and intraspinal neurogenic tumors (Grillo et al), 402
staging
prospect of disease control by surgery combined with chemotherapy in Stage I and Stage II small cell carcinoma of the lung (Meyer et al), 37
surgical implications in malignant cardiac disease (Poole et al), COLLECTIVE REVIEW, 484
staging nomenclature
answers (Benfield), THORACIC SURGERY QUIZ, 492
Neurogenic tumor
combined approach to "dumbbell" intrathoracic and intraspinal neurogenic tumors (Grillo et al), 402
Neurological complications
neurological complications of coronary revascularization (Bojar et al), 427

Nifedipine
intraoperative coronary artery spasm successfully treated with nitroglycerin and nifedipine (Cohen et al), CASE REPORT, 97
nifedipine cardioplegia experience, results of a 3-year cooperative clinical study (Clark et al), 654
Nitroglycerin. *See* Glyceryl trinitrate
Nocardia infections
pulmonary infections in cardiac transplant patients, modes of diagnosis, complications, and effectiveness of therapy (Mammana et al), 700

Outcome and process assessment
colon replacement of the esophagus for congenital and benign disease (Neville and Najem), 626
correlation of preoperative pulmonary function testing with clinical course in patients after pneumonectomy (Keagy et al), 253
esophageal replacement with colon in children, functional results and long-term growth (Kelly et al), 634

intraaortic balloon pumping in cardiac surgical patients, nine-year experience (Pennington et al), 125
intraaortic balloon pump morbidity, comparative analysis of risk factors between percutaneous and surgical techniques (Shahian et al), 644
multivessel coronary revascularization without saphenous vein, long-term results of bilateral internal mammary artery grafting (Lytle et al), 540
neurological complications of coronary revascularization (Bojar et al), 427
prolonged survival with unresected pulmonary metastases (Casciato et al), 202
relative efficacy of left ventricular venting and venous drainage techniques commonly used during coronary artery surgery (Roberts et al), 444
surgical implications in malignant cardiac disease (Poole et al), COLLECTIVE REVIEW, 484
survival following aggressive resection of pulmonary metastases from osteogenic sarcoma, analysis of prognostic factors (Putnam et al), 516
transposition of the great arteries and ventricular septal defect, results with the Senning operation and closure of the ventricular septal defect in infants (Penkoske et al), 281
trends in selection and results of coronary artery reoperations (Loop et al), 380

Pacemaker, artificial
cardiac pacing under hyperbaric conditions (Kratz et al), 66
clinical evaluation of a new temporary pacemaker wire (Aris et al), HOW TO DO IT, 228
Pacing leads
special considerations in ventricular pacing in patients with tricuspid valve disease (Lee), CASE REPORT, 89
Palliative treatment
esophageal carcinoma, what price palliation? (Orringer), EDITORIAL, 377
retrosternal gastric bypass for inoperable esophageal cancer, report of 71 patients (Conlan et al), 396
Paraneoplastic syndromes
answers (Benfield), THORACIC SURGERY QUIZ, 492
questions (Benfield), THORACIC SURGERY QUIZ, 483
Parathyroid hormones
effect of ionized calcium, pH, and temperature on bioactive parathyroid hormone during and after open-heart operations (Chambers et al), 306
Partial bypass
experimental and clinical assessment of the adequacy of partial bypass in maintenance of spinal cord blood flow during operations on the thoracic aorta (Laschinger et al), 417
Perfusion
pulsatile and nonpulsatile cardiopulmonary bypass, review of a counterproductive controversy (Hickey et al), COLLECTIVE REVIEW, 720
venoarterial
effects of venoarterial perfusion in treatment of arterial air embolism during cardiopulmonary bypass (Hendriks et al), 433
Pericarditis, constrictive
surgical technique for the management of constrictive epicarditis complicating constrictive pericarditis (the waffle procedure) (Heimbecker et al), HOW TO DO IT, 605
pH monitoring
simplified method of esophageal pH monitoring for assessment of gastroesophageal reflux (Choiniere et al), 596
Pig
effects of venoarterial perfusion in treatment of arterial air embolism during cardiopulmonary bypass (Hendriks et al), 433
ventricular fibrillation induced prior to cardioplegic arrest in hypertrophied pig hearts (Salerno and Chiong), 152
Platelet aggregation
defective platelet aggregation in patients undergoing surgical repair of cyanotic congenital heart disease (Ware et al), 289
hydroxyethyl starch versus albumin in cardiopulmonary bypass prime solutions (Saunders et al), 532
Platelet factor 4
effects of prostacyclin infusion on platelet activation and postoperative blood loss in coronary bypass (Aren et al), 49
Platelet function tests
effects of prostacyclin infusion on platelet activation and postoperative blood loss in coronary bypass (Aren et al), 49
Pleural tube
demonstration of pleural tube track tubularity (Lautin et al), CASE REPORT, 93
Pneumonectomy
answers (Benfield), THORACIC SURGERY QUIZ, 492
correlation of preoperative pulmonary function testing with clinical course in patients after pneumonectomy (Keagy et al), 253

Pneumonectomy *(continued)*
postpneumonectomy empyema does not improve survival in bronchogenic carcinoma (Witz and Roeslin), 529
pulmonary reserve in patients after pneumonectomy (Peters), EDITORIAL, 245
Polycythemia
defective platelet aggregation in patients undergoing surgical repair of cyanotic congenital heart disease (Ware et al), 289
Polyvinyl chloride
advantages of a new polyvinyl chloride double-lumen tube in thoracic surgery (Burton et al), 78
Positive end-expiratory pressure
cardiovascular responses to PEEP and CPAP following repair of complicated congenital heart defects (Levett et al), 411
effect of positive end-expiratory pressure on lung water in pulmonary edema caused by membrane permeability (Helbert et al), 42
Postoperative complications
neurological complications of coronary revascularization (Bojar et al), 427
nuts and bolts of sternal dehiscence (Hicks et al), HOW TO DO IT, 364
persistent atrial activity during cardioplegic arrest, possible factor in the etiology of postoperative supraventricular tachyarrhythmias (Tchervenkov et al), 437
portable suction device for use in patients with postoperative pleural air leaks (Pickard and Beall), HOW TO DO IT, 103
use of computed tomography to assess mediastinal complications after median sternotomy (Kay et al), 706
Postoperative period
efficacy of postoperative autotransfusion in patients undergoing cardiac operations (Johnson et al), 173
intellectual function late after open-heart operation (Aberg et al), 680
nifedipine cardioplegia experience, results of a 3-year cooperative clinical study (Clark et al), 654
Potassium
electrical behavior of the heart following high-potassium cardioplegia (Tchervenkov et al), 314
Pregnancy
intracardiac surgery in pregnant women (Becker), 453
pregnancy and mechanical valve prostheses, high-risk situation for the mother and the fetus (Larrea et al), 459
President's page
reconsidering our responsibilities (Urschel), 499
Prolene
breakage of Prolene suture (Myhre), CORRESPONDENCE, 121
Prostacyclins
effects of prostacyclin infusion on platelet activation and postoperative blood loss in coronary bypass (Aren), 49
Prostaglandin E_1
answers (Edwards), THORACIC SURGERY QUIZ, 609
Prosthesis design
quest for a valve substitute, perturbations of a clinical surgeon (Jones), EDITORIAL, 243
Pulmonary edema
effect of positive end-expiratory pressure on lung water in pulmonary edema caused by membrane permeability (Helbert et al), 42
Pulmonary valve
abnormality
surgical treatment of absent pulmonary valve syndrome in infants, relief of bronchial obstruction (Stellin et al), CASE REPORT, 468
insufficiency
pulmonary valve replacement for regurgitation after repair of tetralogy of Fallot (Misbach et al), 684
stenosis
critical pulmonary stenosis in infants (Milo), CORRESPONDENCE, 368
Pulmonary vein abnormalities
total anomalous pulmonary venous connection (Hawkins et al), 548

Reoperation
percutaneous saphenous vein angioplasty to avoid reoperative bypass surgery (Jones et al), 389
reop or not (Mills), EDITORIAL, 375
trends in selection and results of coronary artery operations (Mills), EDITORIAL, 373
trends in selection and results of coronary artery reoperations (Loop et al), 380
